
A
Same current observation and future actions, different futures
Pusher displacement example
Condition A:
Smaller
action response
Pusher
Movement
Condition B:
Larger
action response
History t − 2
History t − 1
Current observation
Ground-truth future
Move
Pusher moves less
Pusher moves more
Identical
current
observation
Different
future
outcomes
B
Paired evaluation protocol
History A
observations + actions
History B
observations + actions
Frozen
